

Job: Flora Specialist (Contract/Full-time)

Job Duties and Responsibilities

Camphora is a collective that provides integrated flora, fauna, and arboriculture baseline data to inform design intent and formulate solutions for ecological conservation.

We are seeking to hire an enthusiastic and self-motivated individual who has a passion for botany and enjoys working in the outdoors, including forested environments.

You will mainly be assisting the Lead Botanist in (but not limited to):

- Planning and execution of flora surveys
- Integrate floristic findings with faunal and arboriculture findings in biodiversity impact assessment
- Manage project deliverables
- Report writing
- Attend and prepare for meetings

Job Requirements

1. Diploma or Degree in Environmental Science, Botany, Horticulture, or related fields
2. Passionate about plants, botany, and horticulture
3. Responsible, independent, and possess strong interpersonal skills
4. Physically fit, and comfortable being outdoors and in the forest
5. Able to work in a fast-paced environment and meet project deadlines
6. Training will be provided but familiarity with local flora will be an advantage. Fresh graduates are welcomed to apply.
7. Knowledge in GIS or data analytics will be an advantage.

Appointment may be full-time or on a 1-year contract basis. Salary will be commensurate with qualification and experience.

To apply, please send a cover letter and CV to Derek Yap at derek@camphora.com.sg.
